Hello Vicki

I just wanted to send you a note to say thank you for all of your hard work with the Physical Environment Technical Resource Team. You may be interested in knowing that we have returned to some of the research you sent to the TRT early in the team's process of drafting the suggested accreditation performance criteria. I have forwarded it to our national contractors at UCLA for use as part of their literature review of the draft early childhood program standards.

We are looking forward to receiving your feedback on the revised suggested criteria which can be viewed by visiting www.naeyc.org. Thank you again.

Esther
